

WATSON IS NAMED FOR PRESIDENT

Populists Select Georgia Man to Head Their Ticket and Thomas H. Tibbles of Nebraska for Second.

Other Names Presented, but Are Withdrawn, and Watson Is Named by Acclamation

ALLEN KEEPS HIS PROMISE

Refuses to Allow His Name to Go Before Convention, as Did Samuel W. Williams of Indiana.

Springfield, Ill., July 5.—Thomas E. Watson of Georgia for president, and Thomas H. Tibbles of Nebraska for vice president, were nominated by the populist convention today.

The names of William V. Allen of Nebraska and Samuel W. Williams of Indiana were also placed before the convention for president, but before the roll call their names were withdrawn, and Watson was nominated by acclamation.

The former senator made good his word that he would not enter into any scramble for the nomination, and while the nominations were being made he twice instructed the chairman of the Nebraska and Samuel W. Williams of the list of states had been completed.

LIVES LOST DURING FIRE.

Great Grain Elevators Destroyed and Several People Killed.

Boston, July 5.—The immense grain elevator of the Boston & Maine Railroad Company, one of the largest in the world, together with three of the company's freight houses on Mystic wharf, Charlestown, were burned tonight, entailing losses of over \$1,000,000.

Three lives are supposed to have been lost. Thirty-five sailors of the Allan steamer Austria jumped overboard to save themselves from the flames, which had communicated to their vessel, the body of one of whom has been recovered. There are two missing.

The fire started during a heavy

thunderstorm, when a bolt of lightning struck one of the freight houses.

HEAVY LOSS INFLICTED UPON RUSSIAN FORCES.

Japs Beat Back Reconnoitering Party and Kill 273 Men, Take 100 Prisoners, Wound 14 Officers.

St. Petersburg, July 5.—Thirteen companies sent out by General Count Keller in reconnaissance to ascertain the strength of the Japanese column's advance force moving on Liao Yang came into collision with the Japanese between Mao Tien and Feng Shui passes yesterday. Sharp fighting resulted and the Russians retired before overwhelming numbers after ascertaining the exact strength of the Japanese forces.

The Russian Losses.

Liao Yang July 5.—The latest reports of the Russian casualties in the reconnaissance made by General Keller show that 14 officers were wounded, 273 men killed and 101 prisoners taken. It is persistently reported that a large section of the Japanese southern army has moved to the eastward, notwithstanding the rain, with the object of cutting its way through the Russian left flank during the absence of Kurapatkin at Tai Tche Kiao.

Volunteer Steamers Outfit.

Constantinople, July 5.—The Russian volunteer steamers St. Petersburg and Sevastopol passed through the Bosphorus from the Black sea this morning. The Sevastopol was flying the Red Cross flag and her hull was painted white. The vessels took on board a quantity of stores and remained in the harbor until this evening.

OPPONENTS OF PARKER ARE UNABLE TO SHAKE HIS STRONG FOLLOWING

Make Many Assaults Upon the New York Jurist's Phalanx, But Without Any Apparent Effect on It.

Seeming Inability of the Friends of Other Candidates to Agree Upon Some One Else Makes the Leader's Position Impregnable, and His Nomination on First or Second Ballot Is Now Conceded By Many Opposed to Him.

St. Louis, July 5.—Parker's strong position remains unshaken. The opposition has made many assaults during the day, but has apparently made no impression. The solid and substantial phalanx of the New York jurist has withstood all efforts of the friends of other candidates, and tonight is apparently stronger than ever. Assurances of accessions from instructed delegations after the first ballot have been received from men who are now tied to other candidates, which, the Parker adherents say, will insure his nomination by the second ballot.

All day long the anti-Parker men have tried to offer a candidate who would unite a third of the delegates, so as to have a rallying point when the complimentary ballots have been cast for favorite sons. The impossibility of uniting has been made manifest, and the most zealous opponents of Parker concede his probable nomination not later than the second ballot.

Effect of Pennsylvania's Action.

The Parker opposition was disturbed, but not routed, by the action of the Pennsylvania delegation last night. The 68 votes of that state had been for weeks placed in the Parker column, and are part of the 500 odd votes claimed for him. They were not instructed, however, and if they could have been secured for any other candidate it would have been a serious blow to Parker's interests.

It is said that after the action of the Pennsylvania delegation last night a member of the delegation held a conference with some of the anti-Parker leaders and said that Pennsylvania, notwithstanding the endorsement of Parker, would give its 68 votes to any eastern candidate, with the exception of Hearst, upon whom the opposition would concentrate enough pledged votes which, together with the 68 votes of Pennsylvania, would make two votes more than one-third of the convention. Among the candidates named who would be satisfactory were Patterson, Gorman, Gray, Harmon, Olney and Coler. Upon this proposition some of the anti-Parker men have been working, but they have not been meeting with much success.

Cannot Agree on Man.

Cohesion of the anti-Parker men is apparently impossible. Hearst cannot transfer his delegates, and his supporters cannot promise instructed men and pledged Hearst men for any man after Hearst is out of the running, and that same may be said of all the other opponents of the New Yorker.

A story was current today that David B. Hill, flushed with the fruits of victory, would undertake to force upon the opposition a platform so radical that some of the southern delegates would break away from Parker. But the illusion was dispelled.

Tonight it was learned that John A. MacMahon of Ohio, or Senator Bailey of Texas, or Hill, would be chairman of the resolutions committee, and that Bailey had been selected to cross swords with William J. Bryan in the debate over the platform on the floor of the convention.

Not the least of the efforts of the anti-Parker men has been directed toward preventing a stampede by delegations whether bound by instructions or otherwise. It is the rank and file that is pressing for wagon seats, and while the anti-Parker leaders speak disparagingly of the men who are so

anxious to be on the winning side, they are aware these delegates cannot be lured together very long in the face of the compact Parker forces.

The Waning of Bryan.

An interesting feature of the day's proceedings was the development of the waning of Bryan. The national committee, selected four years ago by a convention following his unquestioned leadership, today turned away from him in settling the Illinois contest. Bryan had made the fight against Hopkins his own, and the unanimous action of the committee indicated clearly that he no longer wields his old-time marvelous control. Many times during the past few days the suggestion has been made that Bryan would swing his strength to this or that candidate, and democrats who were anxious to organize a winning coalition investigated and found that, outside of the Nebraska delegation, the former candidate had no following save a few scattering delegates who were bound by the unit rule and instructed.

Second Place Lost Sight Of.

So much attention has been given to the presidential nomination that no conclusion has been reached regarding the vice presidency. Friends of ex-Senator Turner of Washington believe he will be nominated. Thus far no sign has been given by the leaders that a candidate will be sought on the Pacific coast. The suggestion has been made that Rose of Wisconsin might be selected, but that state refuses to have him considered, for fear that anything of the kind might be considered as disloyal to E. C. Wall as the presidential candidate. Benjamin F. Shiveley and John W. Kern of Indiana and David R. Francis of Missouri have been mentioned in connection with the second place, but no effort has been made to secure consideration for any of them.

The national committee held this afternoon what will probably be its last meeting. The reports of the subcommittees appointed to hear contests were heard and concurred in. Not one contest was successful. The majority of these will go before the committee on credentials.

TAMMANY STILL FIGHTING.

Has Not Ceased Its Warfare on Parker's Candidacy.

St. Louis, July 5.—Tammany furnished one of the few sensational incidents of the day by swiftly backtracking on the semi-official announcement that it had dropped its opposition to Parker. During the forenoon the organization allowed it to become known through some of its most prominent representatives that it had decided to join the Parker forces. After a period of silence they renewed warfare against his candidacy.

Senator Dowling, on behalf of Charles F. Murphy, made this statement:

"Parker cannot be nominated. We have 400, or more than one-third of the convention, pledged against him. He cannot be nominated. Only this afternoon we won three new states to our cause."

It was said by other Tammany men that the real object of the fight was McClellan but Senator Dowling protested that Tammany was simply against Parker. Closing his interview, he said, significantly:

"You'll see a very hard fight on the platform."

DUTCH FIGHT THE NATIVES.

Inflict Heavy Loss in Battles With the Achinez Soldiers.

Amsterdam, July 5.—A dispatch from Batavia, the capital of the Dutch East Indies, says that the commander of the

expedition to North Achin (Northern Sumatra) attacked Likat June 20.

The Achinez loss was 432 killed, including 281 women and 53 children, and 54 wounded. Seventeen prisoners were taken. The Dutch casualties included the commander, a lieutenant, two ser-

geants and 13 soldiers wounded.

On June 23 the Dutch troops attacked Langathars, where the Achinez losses were 654 killed, including 186 women and 130 children, and 49 wounded. Twenty-eight prisoners were taken. The Dutch losses were a captain, 22 soldiers and six coolies wounded.

INCIDENT IS NOW CLOSED.

President of Hayti Apologizes to Offended Ministers.

Berlin, July 5.—A dispatch from Port au Prince, Hayti, says that all the soldiers of the palace guard concerned in the recent attack on the French and German ministers have been severely punished, and as President Nord, in formal audience, apologized to both ministers, the incident is now closed.

THE SANE FOURTH AND SOME OF ITS VICTIMS.

Seattle Negress Kills White Woman While Celebrating and San Francisco Boy Is Fatally Shot.

Seattle, July 5.—Mrs. S. N. Neisch, a white woman, was instantly killed in the lower part of the city yesterday by Ethel Berry, a colored woman, who, to celebrate the Fourth, fired a revolver which she thought was loaded with blank cartridges. Thirty-two caliber bullets were in the revolver. One of these struck the woman in the breast. She died in two minutes.

The Berry woman was standing on the side porch of her house when she fired the revolver, thinking, she said, into the air. Mrs. Neisch was in the back yard of her own home, 200 feet away. A stray bullet struck her.

The negress and two companions who were with her were arrested. They will be held as witnesses until after the coroner's inquest on Wednesday. The police are satisfied that the shooting was purely accidental.

San Francisco Boy Shot.

San Francisco, July 5.—While watching a fire last night at Fifth and Bryant streets, Johnny Martenson, a boy of 9 years, living at 412 1-2 Fifth street, was shot in the left side of the nose by some unknown person. The boy was taken to the Central emergency hospital, where it was found that a 22-caliber bullet had entered the nose, and, passing in back of the left eye, had entered the brain. There is very little chance of his recovery. No clew of the person who fired the shot could be found.

MOYER FINALLY RELEASED.

Head of Miners' Union Freed on Giving \$10,000 Bail.

Denver, July 5.—Charles H. Moyer, president of the Western Federation of Miners, was released from custody by Sheriff Bell of Teller county in this city this afternoon, after furnishing bonds for \$10,000 on the charges of murder and inciting riot, filed against him at Cripple Creek.

Bonds were provided by a guarantee company. Mr. Moyer has been a prisoner 103 days, and during the greater portion of that time was confined in the bullpen at Telluride on the plea of "military necessity."

Bonds were also furnished here today for Vice President J. C. Williams and Assistant Secretary James Kirwin of the Western Federation of Miners. The other executive officers of the federation, all of whom are included in the information filed at Cripple Creek, are not now in the state. Secretary-Treasurer William D. Haywood, it was announced, has gone to Chicago, but will return in a few days.

SEVENTEEN SURVIVORS PICKED UP

Passengers and Members of Crew of Ill-Fated Norge Brought to Aberdeen by Trawler Largo Bay.

Had Been Adrift For Six Days and Were Almost Exhausted When Rescued.

LITTLE HOPE FOR OTHERS

Search For Missing Boats Will Be Continued, However—Number Unaccounted for Now About 627.

Aberdeen, Scotland, July 5.—Another boatload of 17 survivors of the ill-fated Danish steamer Norge were landed here tonight by the steam trawler Largo Bay.

Six hundred and twenty-seven persons are missing, it is reported. The contingent now being cared for at Aberdeen consists of 12 passengers, the third mate of the Norge, the quartermaster, the steward, the lamp trimmer and one member of the crew.

They drifted at the mercy of the Atlantic for six days. When their water and food were gone, and when the occupants were almost too exhausted to hope, a sail hoisted in sight. This was July 4, when the boat was about 30 miles off Skilda. Those rescued had eked out an existence on two biscuits per day.

SMALL HOPE FOR OTHERS.

Search Will, However, Be Vigorously Prosecuted for Them.

London, July 5.—The passing of another day with no news of the missing boats of the ill-fated Danish steamer Norge lessens the hope that a few more of the long list of victims might have been counted among the survivors. The search of neighboring waters will, however, be prosecuted until the last hope has gone.

The Danish government and the steamship company have sent out a steamship to search the seas for boats, and the vessel will visit all the islands within the possible radius, but the rescued at Grimby and Stornway, who have gone through the terrible experience, believe there is now little ground for hope unless an outgoing vessel should have picked up one or more boats, or unless the survivors have landed at Skilda and Flannan islands.

TAKES UP PUBLIC BUSINESS.

President Assumes Duties in Capital at Oyster Bay.

Oyster Bay, L. I., July 5.—President Roosevelt today transacted the first public business he has taken up since his arrival here on Saturday. While nothing of serious importance was considered, he and Secretary Loeb spent two or three hours in disposing of minor public matters.

The president has not yet taken up the question of the appointment of a successor of the late J. H. Brigham, late assistant secretary of agriculture, and it may be some time before the appointment is announced.

The only visitor of importance to Sagamore Hill during the early part of today will be Senator Beveridge of Indiana. He is a guest of Joseph Searce at the latter's country home not far from Sagamore Hill. It was the first time since the Chicago convention that the president and Senator Beveridge have met, and their interview was purely informal and a friendly exchange of views on political subjects, and was without special significance.

Colorado Springs, Colo., July 5.—A special to the Gazette from Cripple Creek says that a Short Line passenger car from a train westbound from Colorado Springs to Cripple Creek jumped the track tonight near Cameron, eight miles from Cripple Creek, and was overturned. Two passengers were killed and 15 wounded.
